

MANOHAR MEMORIAL (P.G.) COLLEGE, FATEHABAD

Best Practice-I

Session 2018-19

Title of the Practice – Beginning of the Day with National Anthem

The Content- Today India is growing very fast in economic as well as technological aspects but over the years, citizens are lacking in patriotic and moral value. It's really painful to know that most of citizens are not able to sing national anthem. Hence our college has adopted this practice to inculcate patriotism and Moral value in the mind of students and staff members.

Goals and Objectives of Practice-

1. To inculcate Patriotism in students.
2. To develop the concentration level.
3. To develop peace of mind of the students.

The Practice- The College has adopted this practice in the morning sharp 8:59 am national anthem "Jana Gana Mana "is played through loudspeaker. The national anthem creates the spirit of nationalism among everyone. Every staff member and student of college stands as it is in whatever situation in they are to give respect to National Anthem.

Evidence of Success- This practice extended a great influence among the students. This practice achieved the success to some extent in creating Tea spirit among the students. As we know, patriotism is not an easy task and still we have to travel a long road in this regard. But, to some extent, our college achieved in this regard. This practice also creates social awareness among the students. Our students also motivate to other persons where they live in society.

Problem Encountered- This practice don't need any financial support. In rainy on winter season, we find less number of students to attend as compare to the summer season due to late coming in college campus due to fog or bad weather conditions. But overall we donot find any such problem regarding it.

Best Practice-II

Title of the Practice – MANOHAR KADAM SWACHHTA KI OR

The Content- Cleanliness is essential for everyone's life routine. Cleanliness gives rise to good character by keeping our body, mind and soul peaceful and healthy. Hence our college has adopted this practice to inculcate spirit of cleanliness and hygiene in the mind of students.

Goals and Objectives of Practice-

1. To motivate students towards cleanliness
2. To become a role model for society.
3. To develop the habits of cleanliness and hygiene in students.
4. To help the nation by becoming a part of National Swachh Bharat Abhiyan
5. To fill the gap between student life and social life of students.

The Practice-The College has adopted this practice in guidance of our worthy management and IQAC cell. On 4th Sunday of every month, the college staff members (both teaching and non-teaching), NSS volunteers, NCC cadets and other students of college comes to college campus voluntarily in the morning and join the initiative taken by them. They do the cleaning of roads, grounds, lawns, water coolers etc. and helps other staff in that work. In afternoon lunch is organized by sharing of food.

Evidence of Success- This practice extended a great influence among the students. This practice achieved the success to some extent in creating spirit of cleanliness and hard work among the students. The students have started to convey this message to society. For this practice District administration has given appreciation award to our NSS program officer. As we know, this practice is not an easy task and still we have to spare whole day out of their schedule. But, to some extent, our college achieved in this regard. This practice also creates social awareness and work culture among the students.

Problem Encountered- This practice don't need any financial support. Since the person involved in this campaign have to spare time/ full day from his/ her busy schedule, so we find less number of staff members and students sometimes to join this campaign. As most of students are from villages and students have to come especially for this.
